Welcome

YOUR DESTINATION FOR INDUSTRY RELEVANT GENETICS.

Our 15th Bull Sale will once again be held on our Keith property at the "Eight Mile" sale complex. We put a lot of effort into finding top line genetics from Australia and Overseas that display great muscling, softness, doing ability, structure and gentle dispositions for which Mandayen genetics have become well known.

For the first time in 3 years we will be offering 20 Limousin cow and calf pairs with spring calves at foot joined back to Flemington Next Level and 12 spring joined heifers. We have searched through the female herd vigorously to find some outstanding matrons, these go back to a lot of our great foundation and donor cows that have consistently performed so well for us over last 25 years. To round this out we have 12 joined spring 2018 drop heifers that combine solid maternal backgrounds with modern sires who excel for muscle, soundness and softness which have their whole lives in front of them.

In our Limousin bull sale we will offer a draft of sires with the selection emphasis being on the economic traits, structural soundness, muscle, softness and docility.

Sire lines include sons of Ivy's Bubba Watson who sired the top priced bull of 2019, in which we purchased at The Limousin National for \$28,000. His sons display plenty of growth, length and softness with a top data.

Mandayen King K6 has another impressive group of sons to follow on from last year with plenty of performance, depth and muscle that will appeal to both stud and commercial producers. Wulf's Compliant has another consistent run of bulls which no doubt will be some of the highlights of the sale. Another of our consistent performers over the past few years is Xtra-Loyal who has proven to be an easy calving, soft, moderate carcass bull.

He has also produced champion steer progeny at both Adelaide and Sydney Royals over the years. In 2019 he once again produced the heavy domestic champion on hoof at Adelaide Royal 2019. These will be his last sons as we have exhausted all our semen supplies. Other sires include Mandayen Lock and Load who sired the light domestic and reserve heavy domestic champions at the Adelaide Royal 2019. Mandayen Jackaroo, Mandayen Liquid Gold and Mandayen Kong.

Most importantly we would like to thank everybody who has been involved and supported our program over the years. We wish all prospective purchases the best of luck on sale day and our confident our cattle will perform for their new owners.

Mandayen Limousin & Angus*

At Mandayen we have invested a lot of time and money into our Angus program over the last 7 years. We have purchased top genetics that we believe are industry relevant. Our program has rapidly grown to the stage where in 2019 we registered 240 Angus calves. We are very excited about how our Angus herd is developing and look forward to the future.

In the Angus line up our winter run of bulls are mainly sired by Musgrave Aviator (who had very limited semen come into the country), Coonamble Hector and Karoo Knockout. Whilst the spring run includes sires by – LD Capitalist, Millah Murrah Loch Up, Klooney as well as calving ease sire EF Commando. The bulls are thick bodied, functional, sound cattle with great eye appeal & are backed up by solid cow pedigrees. The combine powerful growth & carcass genetics with superb Angus type. The entire sale draft has been parent verified to ensure bloodlines and genomic tested to increase the accuracy of each animals EBV's.

If you would like to inspect the bulls pre-sale there will be two opportunities during the SA Beef Week Field Days. For the first time we will have a selection of Angus and Limousin bulls on display in the Lower South East on Monday the 9th of February at 89 Considine Road, Burrungule. As always we have our usual field day on Tuesday 10th of February at our Eight Mile sale complex 365 Dark Island Well Road, Keith.

We would like to thank our sale agents (Elders and Spence Dix and Co) for their ongoing assistance and support. If you are unable to attend on sale day and wish to purchase we recommending contacting one of their representatives to place on order or to organise phone bidding. We also appreciate the continued support of agents from other firms.

Most importantly we would like to thank everybody who has been involved and supported our program over the years. We wish all prospective purchases the best of luck on sale day and our confident our cattle will perform for their new owners.

Sale information

Supplementary Information

Supplementary sheets will be available at the sale with any updated information on the sale offering. All bulls have been semen tested by Nationwide AB, any queries should be directed to Drew Pickford on 0428 925 255. Bulls are guaranteed fertile & fit for breeding, contact Damian for more details on this guarantee.

Stud Transfers

All animals are registered with the Australian Limousin Breeders Society and the Angus Society of Australia. They are all eligible for transfer into your ownership. We ask all purchasers of animals who require transfers to indicate this on your "Buyers Instruction Sheet".

Buyers' Registration and Sale Conditions

- Buyers will be required to register with the selling agents prior to the commencement of the sale. They should display their registration number at the fall of the hammer when purchasing a sale lot.
- All sale lots are sold exclusive of GST.
- A 3% rebate is offered to outside agents who meet the following conditions:
 1. Introduce their client in writing to the vendor by 5pm on the day prior to the sale
 2. Settle within 7 days

Insurance

Purchases become the responsibility of the buyer at the fall of the hammer. While all care will be taken by the vendors we recommend buyers insure their purchasers. The selling agents will have insurance representatives at the sale.

Transport

Transport concessions are offered on the bulls. This includes free delivery to central points as far north as Albury. Assistance to other buyers will be considered if needed.

Delivery is free in both South Australia and Victoria.

Safety in Bull Pens

The bulls have been screened for temperament and are quiet to handle under normal conditions.

The stress of sale day can upset some animals so we ask that you move kindly and quietly around the stock. If any assistance is needed to view the bulls please ask either Mandayen staff or a sale agent representative.

Visitors enter the viewing pens at their own risk and children must not enter the pens.

IBMS Breeding Services

Type and Structural Assessment

All the bulls catalogued for this sale have been inspected and assessed on the IBMS Type/Structure system, by Dick Whale. They were all considered acceptable for structural soundness and muscling. If any potential buyers wish to discuss any of the bulls prior to the sale, please contact Dick on (0427 697968), or talked to him at the sale.

Structural Soundness Traits

Feet – Evaluation of front and rear feet, with 25 being ideal. Scores lower than 25 exhibit some scissor claw in the feet. Scores greater than 25 are open clawed.

Rear Leg Set – Evaluation of rear leg set with 25 being ideal. Scores greater than 25 tend towards being sickle hocked, less than 25 post legged.

Feet and Pasterns – Evaluation of the length and strength of the pastern and foot angle. Scores greater than 25 indicate stronger pasterns with more heel depth.

Descriptive Traits

Stature – Evaluation of bulls for maturity pattern and frame size. A stature score of 25 is average. This score may be influenced by age of dam, nutrition, etc. Scores greater than 25 are generally larger framed latter maturing cattle.

Capacity – Evaluation combines the depth of rib, spring of rib, and chest floor width. Scores greater than 35 indicate bulls with greater capacity.

Body Length – Evaluation of body length from point of shoulder to pin bone. Scores greater than 25 indicate longer body length.

Muscle Score – Is the muscularity of the bull devoid of subcutaneous fat. Higher scores indicate animals with higher yield attributes.

Scores :

25 = C-	muscle
30 = C	
35 = C+	
40 = B-	
45 = B	
50 = B+	

Doability – is the ability of an animal to deposit fat in the fat depots of the body, relative to their peers under a common management regime.

Sheath Score - 5 is a bull with a tight sheath.

1 is a bull with a very pendulous sheath.

Grade – 1 = Cull, 2 = Just, 3 = Below Average, 4 = Average, 5 = Above Average, 6 & Higher = Best Bulls
