Further sale information at centre of catalogue

www.mandayen.com.au

Welcome

Our 17th Bull Sale will once again be held on our Keith property at the “Eight Mile” sale complex. We put a lot of effort into finding top line genetics from Australia and overseas that display great muscling, softness, doing ability, structure and gentle dispositions for which Mandayen genetics have become well known for.

It has been another great year for the beef industry, seeing record prices and good rainfall throughout the majority of southern Australia. It is good to see cow/calf producers reaping the rewards of the Eastern Young Cattle Indicator and achieving record highs over the last 12 months.

Within our Limousin bulls, we are offering a draft of sires with the selection emphasis being on the economic traits: structural soundness, muscle, softness and docility. Sire lines include Summit Drover P54; whose bulls are showing larger frame, very good structural soundness and are a very consistent run of bulls. Flemington Next Level N40; whose bulls are showing excellent muscle patterns. Balamore Gryphon 930G; whom has one son represented in the sale and is easily one of the most impressive. Balamore Endeavor 701E; with three thick and powerful sons represented in the sale. Birubi Jupita J15; three sons in the sale, which proving to be stout and well put together bulls.

If you would like to inspect the bulls pre-sale, we have our usual field day on Tuesday the 7th of February at our Eight Mile sale complex 365 Dark Island Well Road, Keith or inspection by appointment for your convenience.

We would like to thank our sale agents (Elders and Spence Dix and Co) for their ongoing assistance and support. If you are unable to attend on sale day and wish to purchase, we recommend contacting one of their representatives to place an order or to organise phone bidding. The auction will also be interfaced online through Auctions Plus with videos of each lot available. We also appreciate the continued support of agents from other firms.

Most importantly we would like to thank everybody who has been involved and supported our program over the years, through good and bad times. We wish all prospective purchasers the best of luck on sale day and are confident our cattle will perform for their new owners.

Damian Gommers and family
MANDAYEN LIMOUSIN & ANGUS

FOR A MORE SUCCESSFUL LIVESTOCK BUSINESS

At Elders we believe that Stud Stock paves the journey for commercial livestock business. We can provide tailored advice on Livestock performance and management while also offering to support your program with qualified livestock experts and auctioneers.

From innovative conception and weaning solutions to national and global marketing options, Elders can help you achieve so much more.

YOUR DESTINATION FOR INDUSTRY RELEVANT GENETICS

EXPLANATION OF THE SUFFIXES TO ANIMAL NAMES IN THIS CATALOGUE

LIMOUSIN SUFFIXES			
Trait	SUFFIX	STATUS	STATUS ARRIVED AT BY Details available for individual animals on Limousin database Animal Details page
Horn status	PP	Homozygous polled	DNA test confirmed homozygous polled, or Animal is homozygous polled by pedigree as both parents are confirmed homozygous polled, or Animal is confirmed homozygous polled by progeny analysis process.
	P	Polled	DNA test confirmed heterozygous polled, or Animal is untested, information was provided by breeder.
	Ps	Polled with Scurs	Identified by details provided by breeder at time of registration, or DNA test confirmed heterozygous polled and breeder information indicates animal shows scurs.
	H	Horned	DNA test confirmed horned, or Animal is untested, information was provided by breeder.
Coat colour	BB	Homozygous black	DNA test confirmed homozygous black, or Animal is homozygous black by pedigree as both parents are confirmed homozygous black. Animal is confirmed homozygous black by progeny analysis process.
	B	Black	DNA test confirmed heterozygous black, or Animal is untested, information provided by breeder.
	R	Red	Identified by details provided by the breeder.
	A	Apricot	Identified by details provided by the breeder.
	O	Other	Identified by details provided by the breeder.
F94L gene	AA	F94L 2 copies	DNA test confirmed animal carries 2 copies of the F94L gene, or Animal carries 2 copies of the F94L gene as both parents carry 2 copies of the F94L gene.
	AC	F94L 1 copies	DNA test confirmed animal carries 1 copy of the F94L gene.
	CC	F94L 0 copies	DNA test confirmed animal carries no copies of the F94L gene.
	U	F94L Status unknown	Animal is untested and parent status is unknown.
Lim-Flex	LF	Lim-Flex	Animal is identified as Lim-Flex by pedigree details in line with ALBS regulations.

EXPLANATION OF ESTIMATED BREEDING VALUES

An Estimated Breeding Value (EBV) is an estimate of the genetic merit of that animal for each trait measured.

EBVs are provided for the following traits:

Calving Ease Direct: estimates the differences in the ability of a sire's calves to be born unassisted from a 2-year-old heifer.

Gestation Length: ranks sires for the time between conception and the birth of a calf. Shorter gestation is indicated by negative EBVs and longer by positive EBVs.

Birth Weight: indicates the genetic potential for birth weight. Positive EBVs indicate higher birth weights and negative EBVs indicate lower birth weights of progeny.

200, 400 & 600 Day Weight: give us an estimation of the animal's genetic potential for growth.

Mature Cow Weight: estimates differences between animals in live weights of cows at 5 years of age.

Milk: a key component of fast growth to weaning is the dam's maternal performance. A bull with a high milk EBV should produce daughters which milk well.

Scrotal Size: indicates whether the bull will produce sons with above average or below average scrotal sizes.

Carcase Weight: ranks animals for carcass weight.

Eye Muscle Area: ranks animals for eye muscle area measured at the 12th rib on a 300kg carcass.

Rib Fat: ranks animals for rib fat depth at the 12th rib on a 300kg carcass.

Rump Fat: ranks animals for fat depth at the p8 site on the rump on a 300kg carcass.

Intra Muscular Fat: ranks animals for the percentage of intramuscular fat at the 12th rib of a 300kg carcass.

Docility: is expressed as the increase or decrease in the percentage of progeny that will be scored as docile (score 1 or 2). Positive EBVs indicate a higher proportion of progeny that will be scored as docile and negative EBVs indicate a lower percentage of progeny being scored as docile.

Comparing EBVs: The EBVs for Limousins cannot be compared with EBVs for animal of other breeds. They should be compared with the current average EBV for the Limousin breed shown below.

Breed Average EBVs for 2020 Born Calves														
CED	GL	BWt	200	400	600	MCW	MLK	SS	CWT	EMA	RIB	RMP	IMF	DOC
+0.3	-2.0	+1.7	+21	+35	+48	+49	+7	+1.0	+30	+1.7	+0.0	-0.2	+0.0	+42

Accuracies: Accuracies are presented with each EBV and give an indication of the amount of information that has been used in the calculation of that EBV. The higher the accuracy the lower the likelihood of change in the animal's EBV as more information is analysed for that animal and its relatives.

Disclaimer: The Estimated Breeding Values (EBVs) contained within this sale catalogue were compiled by the Agricultural Business Research Institute (ABRI) from the data supplied by breeders. Neither the Australian Limousin Breeders' Society or ABRI oversee or audit the collection of this data.

Star lot. What a way to start this year's sale. One of the first Balamore Gryphon 930G sons to sell in Australia. This young sire demonstrates an enormous amount of muscle and is as long as a train, whilst having good softness. He is larger framed, slick skinned and stands square. He has some great sires on his maternal side including Duracell and Mr Jock. top 1% for CE, GL, BWT and EMA. Actual birthweight of 33kg. Homo.Polled and Homo.Black tests are pending, results will be available on the supplementary sheet on sale day or as soon as available. 25% semen share retained.

Supplementary Information

Supplementary sheets will be available at the sale with any updated information on the sale offering. All bulls have been semen tested by Nationwide AB, any queries should be directed to Drew Pickford on 0428 925 255. Bulls are guaranteed fertile & fit for breeding, contact Damian for more details on this guarantee.

Stud Transfers

All animals are registered with the Australian Limousin Breeders Society and the Angus Society of Australia. They are all eligible for transfer into your ownership. We ask all purchasers of animals who require transfers to indicate this on your “Buyers Instruction Sheet”.

Buyers’ Registration and Sale Conditions

- Buyers will be required to register with the selling agents prior to the commencement of the sale. They should display their registration number at the fall of the hammer when purchasing a sale lot.
- All sale lots are sold exclusive of GST.
- A 3% rebate is offered to outside agents who meet the following conditions:
 1. Introduce their client in writing to the vendor by 5pm on the day prior to the sale
 2. Settle within 7 days

Insurance

Purchases become the responsibility of the buyer at the fall of the hammer. While all care will be taken by the vendors we recommend buyers insure their purchasers. The selling agents will have insurance representatives at the sale.

Semen Rights

All bulls are sold with 100% possession, marketing, and ownership, unless otherwise specified in the catalogue or supplementary sheet. Mandayen Angus and Limousin reserves the right to collect semen in any bull for in-herd only use. All costs associated with collection will be at Mandayen’s expense and a suitable time will be negotiated with the purchaser.

Transport

Transport concessions are offered on the bulls. This includes free delivery to central points as far north as Albury. Assistance to other buyers will be considered if needed. Delivery is free in both South Australia and Victoria.

Safety in Bull Pens

The bulls have been screened for temperament and are quiet to handle under normal conditions.

The stress of sale day can upset some animals so we ask that you move kindly and quietly around the stock. If any assistance is needed to view the bulls please ask either Mandayen staff or a sale agent representative.

Visitors enter the viewing pens at their own risk and children must not enter the pens.

Health

- Mandayen stud is JBAS 6 and the bulls have been tested Pesti-virus negative.
- All bulls have been vaccinated with 7in1, Pestiguard, Bovillis MH + IBR and Vibrovax
- All bulls have been drenched with Cydectin Platinum 15/12/ 2022

Sale Catalogue Disclaimer

All reasonable care has been taken by the Vendors to ensure the information provided in this catalogue is correct at the time of publication. However, neither the Vendor nor Agent make no representations about the accuracy, reliability or the completeness of any information provided in the catalogue, and do not assume any responsibility for the use, or interpretation of the information in this catalogue.

Safety Disclaimer

The owners, employees, and representatives of Mandayen accept no liability for any accidents that may occur at the Mandayen Sale or Field Day, or while on the property. Although any such occurrences are rare, any person attending the Mandayen sale or associated events does so at their own risk.

How to Register and Bid on AuctionsPlus

- 1 Go to **www.auctionsplus.com.au** to register at least 48 hours before the sale.
- 2 Select **"Sign Up"** in the top right hand corner.
- 3 Fill out your name, mobile number, email address and create a password.
- 4 Go to your emails and confirm the account.
- 5 Return to AuctionsPlus and log in.
- 6 Select **"Dashboard"** and then select **"Request Approval to Buy"**.
- 7 Fill in buyer details and once completed go back to Dashboard.
- 8 Complete buyer induction module (approx. 30 minutes).
- 9 AuctionsPlus will email you to let you know that your account has been approved.
- 10 Log in on sale day and connect to auction.
- 11 Bid using the two-step process – unlock the bid button and bid at that price.
- 12 If you are successful, the selling agent will contact you post sale to organise delivery and payment.
